The Star & Sentinel.

Friday, Nov. 6, 1868.

Advertisers and others interested will bear in mind that the regular circulation of the "STAR AND SENTINEL" is much larger than that of any other paper published in the County, being read weekly by not less than 11,000 persons.

Illumination & Torchlight Procession.

MONDAY EVENING NEXT.

The friends of GRANT & COLFAX will celebrate the great popular triumph, by a grand TORCHLIGHT PROCESSION AND ILLUMINATION,

IN GETTYSBURG,

ON MONDAY EVENING NEXT, NOV. 9TH.

The GRANT & COLFAX Clubs of Hanover and various districts in Adams county are expected to participate,—Let the people rejoice—the Republic lives! The procession will form at 7 o'clock, SHARP.

By order of the Republican COUNTY COMMITTEE.

TO OUR PATRONS.

During the late Presidential canvass, the columns of the "STAR & SENTINEL" have been largely devoted to political matter, to the exclusion of the general miscellany which makes up an interesting paper. The campaign ended, it shall be our aim to get up a paper specially adapted to our readers, one which will be indispensable to every family desiring to be posted in the current news of the day. The newspaper is a potent educator, being read in the family by children and adults when books will command little or no attention. Its weekly visits, freighted with interesting stories, anecdotes, news, local items, &c., are looked to with interest, zest and treasured up.—A newspaper-reading family are proverbially intelligent, while teachers and educators have given their testimony to the fact that children who have regular access to newspapers make much more rapid advances in the school than those without them.

Although the Republican party have achieved a signal triumph in the election of GRANT & COLFAX and a Republican Congress, the work of Reconstruction is by no means complete. A defiant, sullen, rebellious spirit has been engendered in the South, under Democratic inspiration, which foreboded trouble, and will call for decisive legislation. Hence the next session of Congress will necessarily be an important one. Besides the condition of affairs at home, European politics are in a disturbed condition which may at any moment evoke a general European War. We shall endeavor, during the coming winter, to keep the readers of the "STAR & SENTINEL" thoroughly posted in Foreign and Domestic news —the news of neighboring counties, and home matters; while Poetry, Anecdote, Literature, and Agricultural matter, will receive due attention.

Since the "STAR & SENTINEL" passed into our hands we have endeavored to improve and elevate its tone. While boldly and firmly advocating the principles of the Republican party, it has been our aim to avoid personalities and the bitterness which too frequently dishonor the partisan press. We desire to furnish a newspaper which shall prove a safe and welcome visitant in every family—one which the parent can have no hesitation in placing in the hands of his children. To this end we shall spare neither labor nor expense. We now print the largest paper in the Congressional district—the most varied in contents—and hence the cheapest.

Campaign subscribers will receive one more number, after which they will be dropped from the list, unless otherwise ordered. We shall be glad to retain them as regular subscribers, and are always prepared to receive new subscribers.

TERMS—$2.00 Per Annum, in Advance.

☞ Any one of our present subscribers will receive a credit of 50 cents on his account for each new name he may send in with the amount of subscription, ($2.00) in advance—in other words, a PREMIUM of 50 cents for each new subscriber thus sent us.

To Campaign Subscribers.

During the present political campaign we have been sending the "STAR & SENTINEL" to a number of persons whose subscriptions will expire next week. The NEXT NUMBER (Nov. 13) will be the LAST which will be sent to campaign subscribers. We should be glad, however, to retain all, or at least a goodly number of them, as regular subscribers and shall endeavor to furnish them with an interesting and profitable paper. In these stirring times, no man can afford to do without a good newspaper, to keep himself posted as to current news, and through which the family, old and young, are largely profited. After next week we shall return to our regular edition, so that those campaign subscribers who desire to continue the paper should notify us promptly, otherwise there may be failure to supply them, as we print each week only as many papers as our mailing list calls for. For $2 we will send the paper one year—for $1, six months—and for 50 cents, three months. In view of the size of the paper—its varied contents—these terms are lower than those of any paper in the district.

ADAMS COUNTY!

We have gained in Adams 88 over the October election; and 151 over the last Presidential election. "Stick to it," and the county will be redeemed.

MCCLELLAN got 404 majority in Adams county. SEYMOUR receives but 253.

There's a "GOOD TIME coming."—Gettysburg gave 117 majority for Gen. GRANT! We have a right to be glad, and illuminate.

ILLUMINATION!

The "Boys" insist upon having another Torch-light Procession, and an Illumination NEXT MONDAY EVENING. Let there be a full turn-out. We are very unwilling to hurt the feelings of the sensitive Copperhead leaders; but the country has been saved, and we *must* jollify. A good time may be expected.

THE COPPERHEAD FRAUDS.

The Way they do it.

Our readers have already been apprised of the enormous frauds by which the Democrats carried Philadelphia at the October election—spurious naturalization papers being issued by thousands —roughs and repeaters being imported from New York—and the ballot-box tampered with. All the offices carried by the Democrats at the October election, from Mayor down, are to be contested. We are now getting an insight into the grossness of these villainies. A number of prominent Democratic officials in New York have been indicted in the Criminal Court of Philadelphia for conspiring to violate the election laws of this State, and Gov. GEARY has sent requisitions for their arrest. On Monday last, Judge READ of the Supreme Court, held *Nisi Prius* Court in Philadelphia, and his attention being called to the frauds practiced at the October election and the preparations to renew them on Tuesday, he delivered a lengthy opinion, in the course of which he pronounced *all the naturalization papers issued from the Nisi Prius Court in October* (over 6,000) "ILLEGAL, *contrary to the act of Congress, contrary to the act of Assembly, and should be rejected at the polls.*" In regard to the threatened frauds on Tuesday, Judge READ announced his determination to hold Court during the day, and said:

"I have heard this morning that organizations were effected in New York so as to send over out-laws to this city to-morrow. I inform these individuals that, as judge of of the Oyer and Terminer *ex officio*, I will take measures to have them arrested and punished. I have lived here *seventy one years*, and am a native of this city, *and in all my life I have never heard of such outrageous, high-handed acts of lawlessness* as were said to have been perpetrated in this city on the 13th of October. I am determined that those people from neighboring cities shall not come here and violate our highest right in this bold, fearless manner, and I warn all men who have designs to do as that I as a justice of the peace, as a judge of the highest criminal court in this State, will take prompt measures to have arrested and properly punished all who are found engaged in it."

The announcement of Judge READ's determination largely deterred the Democratic roughs and repeaters, and the Republicans swept the city by about 1,500. It would have been 3,500, but the roughs and repeaters went to work in the 3d and 4th wards—and increased their majority in the former from 1167 to 1544, and in the latter from 1718 to 3303!

So much for Philadelphia. New York City does the business on a still larger scale, and manages to manufacture any required majority to ensure the State. This year the City gives HOFFMAN 70,000! And now for the way they do it. New York having a Registry law, of course the name of every person offering to vote must appear on the Registry list. But this little difficulty is got over, by registering in advance an indefinite number of fictitious names in the different election districts, the officers being all Copperheads, and on election day the "repeaters" pass from district to district in organized bands, personating and voting the fictitious names. In this way any requsite majority can be obtained. All that is necessary is for the leaders to determine in advance what majority in the city is needed to carry the State, and the "repeating" process goes on until it is secured. Prominent Democratic officers do not scruple to endorse this villainy. For example, take one word, the 6th, which is only a type of the others. We quote from the New York *Post* of Tuesday:

"In the Sixth ward, which has less than 4,000 legal voters, 5,651 names are found on the registers. Fifty persons registered from a single house, where only nine actually live. Vacant lots are made to teem with population. Twelve persons who do not live at the Spingler House registered with that address. Old directories have been so industriously used that numbers of dead men are on the registry list. Private residences of prominent politicians have been used in the same way. Five persons register from the house of Supervisor Tweed; five more date from the residence of Police Justice Shandley; eleven are enrolled as from the house of Coroner Patrick H. Keenan. State Senator Michael Norton has twenty-six men registered from his house. Peter Mitchell, a Tammany candidate for member of Assembly, has three legal voters at his house and twenty-four registered."

If this "repeating" process does not secure success, the "ballot-stuffers" finish up the job. Their game is to have a row kicked up about the polls, or the lights extinguished while counting off, during which the "stuffers" take the ballots from the box and substitute for them simon-pure Democratic tickets! Thus Hoffman got his 70,000 majority in New York city, of which 25,000 are charged as fraudulent! What is to be the end of all this?

OUR *amiable* neighbor of the *Compiler*, is disgusted that certain offices, long expected, have again escaped the clutch of the Copperheads.

This is, we admit, unfortunate—*for them*. The *County* patronage the Copperhead leaders find very convenient as a means of rewarding the "faithful," and healing up the wounds of the disappointed; but they are yet longing for the State and Federal, and especially the Assessorships, Assistant Assessorships, Collectorships and Deputy Collectorships, Post offices, Surveyorships, &c., which generally follow the Presidency, and which the "Radicals" have again secured for four long years. The Cops must make up their mind to "wait a little longer."

WE hope that if any one should speak on Monday evening next, nothing will be said in illustration of the magnificence of our triumph or the wide results which are likely to flow from it. Otherwise, risk will be run of saying something which may be considered unkind, undignified, or untrue by our deeply-distressed, humiliated, disappointed, whipped, thrashed, and smashed Copperhead friends.

Handle them gently. Their wounds are fresh, and deep, and running.

A PREDICTION.

The October elections were but a breeze. The Democratic tornado in November will uproot Radicalism to the last little scrub-oak left in the concern.—*Compiler of Oct. 30.*

We have been looking for the tornado, but have not yet seen any effects like those predicted, except among the Copperheads. The Republicans are firm in their places, and are looking forward to many years of life.

REBEL murders at the South will cease after the 4th of March *at furthest*. That much has been settled by the election.

The Copperheads of the South are a party of assassins, whom GRANT will "crush out" if they continue their crimes BLAIR-ism and Ku-Klux-ism have had their day.

THE Republicans of Littlestown redeemed themselves handsomely on Tuesday last. We congratulate them all the more sincerely because of the insolent spirit in which the Copperheads of that town treated their previous gains. This result shows what can be done by "pushing" things.

VICTORY!

THE SECOND REBELLION CLOSED!

A Second Appomattox!

Surrender of the Rebel Army North & South!

Glorious Popular Triumph!

RECONSTRUCTION VINDICATED!

The Union Ballot, Like the Union Bullet, Invincible!

The Men who Saved shall Rule the Republic!

Victory of Justice and Right!

The Republic not Ungrateful!

Grant and Colfax Elected by 217 Electors out of 294!

Grant's Majority on the Popular Vote 375,000!

Peace, Liberty, Equality, and Prosperity for the Future!

THE great Presidential struggle has ended in a glorious triumph of Republican principles and a complete crushing out of the new Rebellion. Treason has met its second Appomattox. The men who saved the Republic are determined to rule it, while Rebels and Rebel sympathisers take back seats. Telegrams from all quarters bring glorious tidings, and enough is already known to ensure the election of GRANT and COLFAX by a large majority of the electoral college and an overwhelming popular majority.

We give the returns in brief, by States:

Pennsylvania.

Leads the column with 25,000 majority for GRANT, a gain of 16,000 over the October election. Philadelphia City gives GRANT 1,800, Dauphin 1900, Franklin 200, Lancaster 7,300, Chester 2500, Lawrence 2,200, Butler 600, Erie 3500, Mifflin 75, Blair 875, Armstrong 700, Venango 900, Lebanon 1600, Huntington, 1100 Washington 100, Cameron 125, Union 835, Crawford 1800.

York county gives SEYMOUR 2600, Luzerne 3,400, Lycoming 225, Cumberland 450, Lehigh 1800, Montour 420, Bucks 650.

Alabama.

Grant carries Alabama notwithstanding Rebel intimidation and lawlessness.

Arkansas.

Many Republicans were intimidated and did not vote, but the State is claimed notwithstanding for Grant by 5,000.

California.

The Republicans gain heavily, and returns indicate 5,000 majority for Grant.

Connecticut.

The Nutmeg State has been redeemed—giving 3,500 for GRANT & COLFAX.

Delaware.

The State clings to its idols, and gives its three electoral votes to Seymour.

Georgia

The Rebels in various places took possession of the polls, colored voters being compelled to vote the Democratic ticket or leave. The State gives Seymour a decisive majority.

Illinois.

GRANT carries his adopted State, by 60,000 majority; the whole Republican State ticket elected and legislature, and nearly all the Congressmen.

Indiana.

The Republican majority will reach 11,000.

Iowa.

It is said, GRANT will have 50,000, with a Republican Legislature, and a solid Republican delegation in Congress.

Kansas.

Republican majority of 10,000; Republican Congressmen elected.

Kentucky.

SEYMOUR carries the State by 75,000, Congressional delegation all Democratic,

Louisiana

Under Rousseau's administration, the Rebels were given full swing. The Republicans finding the Rebels backed by the military, and assassination the order of the day, did not vote. The Republican Executive Committee issued an address advising the colored people not to vote. Of course Seymour gets the State.

Massachusetts.

GRANT will have about 75,000 majority. The entire Republican State ticket is elected, and a Legislature, which will re-elect CHARLES SUMNER to the U. S. Senate for six years from the 4th of March next. Gens. Banks and Butler, Messrs. Boutwell, Dawes, and all the other Republican candidates for Congress, are elected.

Maine.

The Republican majority will be 30,000 on the largest vote ever polled.

Maryland.

SEYMOUR's majority will be about 22,000. His majority in Baltimore is 12,541. The Copperheads have elected all the Congressman (a gain of one).—Carroll and Allegany have given a Copperhead majority of about 300, each, Washington 75, while Frederick gives 100 Republican—the only county in the State carried by the Republicans.

Michigan.

The Republicans sweep the State by 25,000 majority—electing all the Congressmen, and a Legislature which will re-elect ZACHARIAH CHANDLER, Rep., to the U. S. Senate for six years from the 4th of March next.

Minnesota.

GRANT has 8,000 majority, with Republican State ticket and Legislature. The latter will elect a successor to Alex. Ramsey, U. S. Senator.

Missouri.

The returns show heavy majorities for Grant, which will probably reach 20,000 in the State.

Nebraska.

Nebraska did nobly at the October election, but does better for Grant, who sweeps the State by 5,000.

Nevada.

The telegrams from Nevada indicate that the State has given a handsome majority for Grant.

New Hampshire.

GRANT will have from 7,000 to 8,000 majority.

New York.

Seymour has carried the State, by a small majority, but Hoffman, the Copperhead candidate for Governor, has 15,000 maj., with State officers of like politics. The Legislature is Republican, which will secure the re-election of EDWIN D. MORGAN, Rep., to the U. S. Senate, for six years from the 4th of March next. It is said Hoffman's election will be contested by reason of astounding frauds in New York City, which gives him 70,933 majority.

New Jersey.

Seymour has carried the State by a small majority, and the Copperhead Know-Nothing candidate for Governor has been elected. The Legislature is Copperhead, which will secure the election of JOHN P. STOCKTON, Cop., to the U. S. Senate for six years from the 4th of March next—in place of F. T. FRELINGHUYSEN, Rep.

North Carolina.

The Republicans sweep the State, and give Grant 15,000 to 20,000 majority. Congress and Legislature Republican.

Ohio.

The returns indicate a Republican majority of 40,000.

Rhode Island.

GRANT has 6,000 majority.

South Carolina.

The returns show large Republican gains and a heavy majority in the State.

Tennessee.

Andy Johnson's State repudiates "my policy" by giving 40,000 for Grant and Congressional Reconstruction.

Vermont.

GRANT's majority will be over 30,000.

West Virginia.

GRANT's majority will exceed 8,000.

Wisconsin.

The Republicans have repudiated Mr. DOOLITTLE, and elected a Legislature which will send a Republican to fill his seat in the Senate, to commence with Grant's administration. GRANT's majority will be about 18,000.

HAD Seymour been elected, we should not have had to mourn merely the defeat of the Republican party, but the disgrace of America, and, possibly, even the ruin of the Republic. In the election of Grant the people re-affirmed the principles upon which the Union stands; they have put down the last enemy of freedom in the United States.

GOV. GEARY has issued his Proclamation designating the 26th of November as a day of Thanksgiving to God for his manifold mercies, being the same day fixed by President Johnson. It will doubtless be observed in most of the States.

QUITE A NUMBER of our campaign subscribers have become regular subscribers. We trust, more will be. We will give them a paper which, in instruction, interest and variety, will be worth, to them and their families, vastly more than the subscription price.—Send on the names.

WADE HAMPTON AND FORREST are in tears. So are their Northern allies. The scepptre has departed from them.—Let the country rejoice at their escape.

THE people have voted for a "change;" but it is a change to GRANT Republicanism, and not to SEYMOUR's Copperheadism, which is only another form for JOHNSONISM and Rebel supremacy.

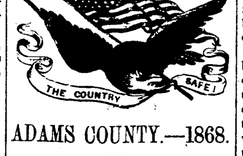
New York was lost to Grant by enormous frauds in New York City—Georgia, and Louisiana by Rebel violence. Virginia, Texas and Mississippi, being unreconstructed, did not vote. In point of fact, the Democrats have only honestly carried four States—New Jersey, Kentucky, Maryland and Delaware. Every State in the column outside of these was won by fraud, or by the intimidation and coercion of voters.



ADAMS COUNTY.—1868.

We have delayed our paper to-day to secure the official vote which we annex. The total vote at the October election was 6,005—on Tuesday last 6,087. Boyle's majority was 341. Seymour's majority is 253—a Republican gain of 88.

THE Copperhead country papers could not discover, *before the November election*, that the Republicans carried WEST VIRGINIA, at the October election.

Probably, they will *now* be able to tell their readers "the truth, the whole truth, and nothing but the truth"—especially as there is no longer any *political reason* for concealing it.

Editors who thus maltreat their readers, violate the first and highest rule of editorial duty, which is to be just, candid and truthful in their columns.

SECRETARY Seward was delivered of a speech at Auburn, New York, on Saturday. He defended himself, eulogised President Johnson, scolded everybody but those two distinguished persons, but finally declared his preference for the Republican party and its candidates, because that party "neither rests under any suspicion of its loyalty or its devotion to human freedom, nor can it fall under any such suspicion."

OUR VICTORY!

The decision of the American people, determined on long ago and already known, was formally and grandly registered on Tuesday last. Let us trust that it will be promptly and cheerfully obeyed, and that henceforth the elements of disorder and disaffection will bow to the will of the mighty North.

General Grant, the leader in war, on a platform the evangel of peace, sweeps the country by a majority of the popular vote of over half a million—a compliment never before bestowed by this nation, and exceeding by nearly one hundred thousand votes the war majority of the martyred Lincoln. The weight of this expression of the national feeling is unmistakable and most significant. Never before has a national verdict been rendered with such unanimity, stern decision, and solemnity. Buchanan was chosen by a plurality vote; so also was Mr. Lincoln in 1860, as had been Polk and Taylor before him. To-day in a crisis of momentous import, thank God, we record the voice of the people, given with an emphasis of determination that compels respect as it will obedience.

This happy day breaks upon our land emerging from the chaos of war with its dread but inevitable sequence of civil commotion and political confusion. Into the shadows of history, to be lost forever, let us hope, are driven back by the sun of the auspicious morning the ghastly spectres of murder, sedition, conspiracy, famine, and rebellion. From this hour the wounds of our torn and bleeding land begin to heal. Dissension shall rend us no more. Treason no longer brooding evil distemper and convulsion, shall blight the commercial and business interests of the nation. The altar fires of industry shall be lighted on forge and furnace throughout the length and breadth of the land. Credit and confidence shall spring up in every community. The golden harvests shall smile from sea to sea, and North and South, East and West, the waste places be made glad.

But short of the land of promise on whose confines we enter with exultant step, let us pause and see what we have in hand—what the glorious work of yesterday—a signal field day of freedom—has secured. Let us recapitulate, hurriedly but a few of the salient results, and see what means our triumph:

It means quiet. We have conquered a peace, and quiet means prosperity and plenty.

It means honor—that the precious debt of the war, fought out by the best blood of the land, shall be paid for with the best money we have.

It means the uplifting of the strong arm of the nation, bringing life to the lunged and insulted white Union men of the South, and justice to the colored men who hold the bond and pledge of the country for civil rights and liberty.

It means nationality—telling to the world that the free people of America have a settled policy and can execute it with a resolute and unchanging purpose; that free government is not the unsubstantial breath of popular excitement—a reed shaken by the wind.

It means hope for the hopeless. The blessings of civil liberty, of equal rights, of human freedom, so mercifully and bountifully vouchsafed to us, we cannot but extend to all. It would be presumptuous to doubt it, and impious to wish it otherwise—for as we mete, so shall it be meted unto us.

So much for the assured facts of yester day's work. The bursting promise of the future who can tell or sing? We stand today like Moses, on the verge of a far-reaching Canaan. Its happy borders we may not press at this hurried moment. It is enough to see—to know that the patriot blood of four generations has not been poured out for nothing—that the awful hecatomb of the rebellion has not smoked in vain—that the sacrifice and prayers and love which have made the epoch heroic have not been a bitter and delusive mockery—that the land of Washington and Jackson and Lincoln still lives, fresh with the lusty vigor of youth and health—a light "to the oppressed of all peoples struggling for their rights," a hope to the friends of human freedom for all time to come, stronger, truer, and more glorious than ever before. Even patriotism trembles amid its fervent longing in the splendors of the prophetic vision of the impending future:

Harness the impatient years,
O Time! and yoke them to the imperial car;
For through a mist of tears
The brighter day appears,
Whose early blushes tinge the hills afar.

"DARNEL WEBSTER," remarked old "Col. Gumpey, as he trimmed a quid of nigger-head and fastened it securely between two decayed teeth in the left side of his mouth, "Darnel Webster was a great man. There wa'n't nothin mean about him. I've heard him talk, but 'twa'n't his talk so much as his gineresity that tuck me. He had a kinder careless way like, that kept him from gettin' rich. He never seemed to think what things cost. I was comin' up the Hudson river along with him once, and in the mornin' Darnel Webster and me was washin' our faces and slickin' our hair in the cabin, and he took out a tooth brush and brushed his teeth. I didn't see no other tooth brush around, so I boorowed his'n. After I used it I handed it back to him, and what do you think? Why, Darnel Webster just slung that tooth brush right inter the river. And a'pose next day he went and bought him a new one. That's all he cared about money! There ain't no sech men as Darnel Webster living now," concluded the Colonel meditatively, as he spirted a stream of tobacco juice into the fire-place at the other end of the room.

MRS. William Duke, of Macon county, Ala., hung herself last week on account of discord with her husband. They were married last year, at the ages respectively of eighteen and sixteen. She suspended herself from one of the joists in the house, and when cut down her little babe lay tranquilly sleeping in a cradle near her feet.

THANKSGIVING PROCLAMATION.

By JOHN W. GEARY, Governor:

"Unto God, our Creator, we are indebted for life and all its blessings. It, therefore, becomes us at all times to render unto Him the homage of grateful hearts; and in the performance of our sacred duties, to set apart special periods to enter into His gates with thanksgiving and into His courts with praise." For this purpose, and in accordance with an established custom, I have designated

THURSDAY, the 26th Day of November Next:

And I recommend that the people of this Commonwealth on that day refrain from their usual avocations and pursuits, and assemble at their chosen places of worship, to "praise the name of God and magnify Him with thanksgiving;" devoutly to acknowledge their dependence, and lay upon His altars the cheerful offerings of grateful hearts.

Let us thank Him with Christian humility for health and prosperity, abundant harvests, the protection of commerce, and advancement of scientific, mechanical and manufacturing interests; our progress in education, morality, virtue and social order; the increase of our material wealth; exemption from pestilence and contagious diseases and the destructive influences of war; for having blessed us as a people and a nation, and opened before us the brightest prospects for the future; and for all other blessings, both temporal and spiritual.

With sure reliance upon Divine favor let us pray for the forgiveness of our sins, making public confession of our dependence, that we may continue worthy of His parental love and protecting care; that our civil and religious liberties and political rights may remain unimpaired; that we may remember with gratitude our country's brave defenders, and cherish with sympathy their widows and orphan children; and that our paths through life may be directed by the example and instructions of the Redeemer, who died that we might enjoy all the blessings which temporarily flow therefrom, and eternal life in the world to come.

Given under my Hand and the Great Seal of the State, at Harrisburg, this twenty-eighth day of October, in (L. S.) the year of our Lord one thousand eight hundred and sixty-eight, and of the Commonwealth the ninety-third.

JNO. W. GEARY.

By the Governor:
F. JORDAN,
Secretary of the Commonwealth.

NEWS OF NEIGHBORING COUNTIES.

WASHINGTON.—The corner-stone of the New Lutheran Church in Hagerstown will be laid on the 7th.—Respecting the murder of Mr. Rowland, Mr. Snyder was released on Saturday last in connection with this affair, but held as a witness for his appearance at Court. A man named Weaver was arrested in Pleasburg and brought on and committed last week. This makes four comitials, viz: Mrs. Rowland, two colored men, named Carl and House, and Weaver.—On the 27th ult., Gotleib Grosh, the oldest inhabitant of Funkstown, died in that town, aged 97 years, 5 months and 10 days. He lived for 70 years in the house in which he died.

YORK.—The First National bank of York has made a dividend of seven per cent.—A company are about erecting a furnace on a tract of land adjoining the Alms House farm; the site has been appraised at $200 per acre.—The Columbia Bridge will be opened for the passage of vehicles in ten days, but will not be roofed till next spring.

THE Memphis *Daily Post* prints the details of a number of Kuklux outrages recently perpetrated in Arkansas. On the night of the 24th ult., the Kuklux which ranges over Crittenden county visited a cabin on a place in the precinct of Kingston. Sim. Evans and his brother-in-law, both colored, opened the door and came out into the yard at their bidding, when the Kuklux band, without parleying or warning, emptied their shot-guns into the heads and bodies of their victims. The top of the head of one was nearly shot off and both were badly cut up, and fell dead. The murdered men were quiet, hard-working men, and guilty of no offense whatever, except that of having black skins and voting the Republican ticket. The Kuklux then visited the cabin of an old, gray-headed colored man named Daniel Wallace, 70 years old, and took him out into the woods and gave him a most ferocious and brutal whipping, and on the following day the old man remarked that he knew who the villians were who had so cruelly beaten him, and on that Sunday night the Kuklux called for him and took him again into the woods, and nothing has since been seen or heard of him. On the same Sabbath a colored man named William Moss ventured to prepare a coffin for the decent burial of the two men murdered on Saturday evening. This reached the ears of the Kuklux, and they took out Moss on the same Sunday evening and shot him dead. These four colored men would have voted the Republican ticket.

THE MORNING GLORY.—Col. C. H. BUEHLER has received a large assortment of these famous base-burning Stoves, which on the score of economy, cleanliness, easy management, and general utility stand unrivalled and defy competition. The great demand for them last season taxed the capacity of the Manufacturers to meet the demand. They are much improved and will doubtless ere long take the place of all other stoves for parlor, office store and shop. Call and look at them, at the Wareroom on corner of Carlisle and Railroad street, opposite the depot.

Also, on hand a full assortment of the best varieties of COOKING STOVES, including the Spear, Noble Cook, Waverly, Oriental, Washing, Barley Sheaf, Prince Royal, Royal Cook, Excelsior, &c. &c., all WARRANTED to be good bakers. If not satisfactory, they can be returned and the money refunded. Also, a large assortment of Hollow Ware and Tin Ware, Doty's Washing Machine and Universal Wringer. Call and examine. tf

THREE hundred of the Ku-klux Klan made an attack on a Republican meeting at Huntsville, Alabama, on Saturday night. Judge Horton was mortally wounded, two negroes killed, and many wounded.

It is calculated that if a human being could make as much noise in proportion to his size as a locust, he could be heard to sing from London to St. Petersburg. It is a merciful provision of nature that he can not.

FATAL ACCIDENT.—HARRISBURG, Nov. 2.—A man named George Hamum, of Mount Joy, Pennsylvania, in a state of intoxication, seeking an interview with Governor Geary, fell over the bannister on the stairway leading to the Executive Chamber, and sustained injuries from which he died within an hour after.

GERMAN REFORMED SYNOD.—At the late meeting of the Synod, it was resolved that an additional Professor should be elected in the Theological Seminary at Mercersburg, but that he should not take his seat until the necessary funds for his support could be raised. The Rev. D. Gans, D. D., of Norristown, Pa., but formerly of Hagerstown, was elected. It was also decided, whenever the means could be obtained for the purpose, to remove the Seminary to Lancaster, Pa., so that it may be close by Franklin and Marshall College.

FATHER Vetromile, a Catholic priest in Bangor, Maine, was murderously assaulted on Friday evening last. His servant, on going into the stable, discovered the foot of a man in the straw, and reported it. Father Vetromile immediately went to the stable to investigate the matter, and on ascending to the loft was dealt a murderous blow on the head by some person who was waiting for him. The villian then jumped through a window and escaped. The supposition is that a burglar had concealed himself there with intent to rob the house at night, and made the attack to escape arrest.

IN the vote of Presbyterics of the Old School as reported in the *Presbyterian* of the 17th ult., the number for approval of the Terms of Union adopted at Harrisburg last spring is twenty-three, and for non-approval forty-five. The number of Presbyteries now on the roll of the General Assembly is one hundred forty-two. To carry the Terms of Union submitted by the Assembly, three-fourths of the Presbyteries must vote for their approval. More than one-fourth having already voted for disapproval, the Basis of the Joint Committee is defeated.

A BRUTAL MURDER.—WORCESTER, Nov. 2.—At Milford, on Saturday night last, while a party of young Irish people were celebrating All-Hallow Eve with games, the girls went into a neighboring field to procure cabbage, and were fired upon by the owner, Bartholomew O'Donnell, a man about sixty years of age, and Miss Bridget Murray, of Boston, was killed, the ball passing through her head and causing death in an hour. O'Donnell, when arrested, had on a large cavalry sabre and a large navy revolver with two barrels discharged. He was found at his house, and appeared perfectly unconcerned and indifferent about the matter.

THE election of Republican Senators in place of Messrs. Hendricks and Buckalew, the certainty that another will be chosen to succeed Mr. Doolittle, the retirement of Mr. Dixon to make way for Mr. Buckingham, and of Mr. Patterson of Tennessee, together with the change made in consequence of the resignation of Mr. Johnson of Maryland, leave the Democrats weak in numbers and intellectual ability in the next U. S. Senate. There will be sixty-eight members, if we leave out Virginia, Mississippi and Texas. Of these the Democrats will have two each in Kentucky and Mary land, one in California, one in Minnesota, one in Ohio and one in Georgia, or eight in all.

CUBA.

As was expected, the revolutionary flame has extended to Cuba. There is much republican spirit in that island, and an effort is being made there to constitute it into a Federal republic, consisting of Cuba, Puerto-Rico, and the smaller Antilles now attached to Spain. The population exceeds 2,000,000, of which two-thirds are Cuban—the slave colored people of these islands is about one-fifth of the whole. The Provisional Junta at Madrid have proposed that, by decree of a legislation of the Cortes, slavery shall be abolished in all of the Spanish colonies, and another subject, now under consideration, is that these colonies shall be directly represented in the Cortes.

Cuba, the "Queen of the Antilles," discovered by Columbus in 1492, during his first voyage, has been held by Spain ever since without interruption, except that in 1762 it was captured by a British armament, but restored in the following year. The burden of taxation, which is levied not very equitably, exceeds $2,000,000 per annum, and the trade and commerce of the island have steadily increased, year after year, notwithstanding the miserable manner in which all the Spanish colonies have been governed. The entire amount accruing to the public revenue of Spain from *all* her colonies has not been more than $6,000,000 a year. It is believed that each successive Viceroy of Cuba, after paying all the expenses of living and maintaining "the dignity of station," lays by at last $250,000, per annum. In fact, it might seem as if Cuba, which is one of the richest colonies in the world, existed merely for the aggrandizement of officials from the mother country. If possessed by the United States, which is its "manifest destiny," Cuba would be litterally a mine of wealth, so productive is it in coffee, tobacco, cotton, sugar, and indigo, bes

MAN—FEMALES, OWING TO THEIR PECULiar and important relations, which they sustain in their particular organization, and the offices they are subject to many important duties. Freedom to contribute in no small degree to their happiness and welfare, for none can be happy who are ill. Yet so, but no one of these terrible female complaints can long be suffered to prey on without involving general health of the individual, and rendering permanent sickness and premature decline. It is important to consult a physician for the relief of various delicate affections, and only because the great necessity will a true woman so far sacrifice that charm as to do this. The next will then be for placing in their hands simple remedies that will be found efficacious in relieving and curing them, one of these troublesome complaints in the sex.

Extract of Buchu.—Hundreds suffer, and hundreds of others apply vainly to quacks and doctors, who either merely tantalize with the hope of a cure or apply remedies which do more harm. It would not wish to assert anything that would do injustice to the afflicted, but I am sure any that although it may be produced by the exhaustion of the powers of life, by laborious pursuits, imprudence in eating and drinking, the use of tea and coffee, and frequent bleeding, is in far other cases by direct irritation, and to the various modifications of the organs itself. Knowing the cause of these distressing complaints, it is peculiarly to contemplate the attendant consequent upon them. It is for this simple to the subject to enumerate a few of the many and causes which so largely affect the health, and happiness of women in all classes of society, which, primarily, affect men or less so, the welfare of the entire human family. This that exists for precocious sensation and marriages, the various causes destroying the capacity for reproduction to be wasted and perverted in the of dress, the early confinement of school, especially in the unhealthy confinement of school rooms. Thus, with the body half-clothed and the mind's excited by pleasure, sensation, to undergo the hours designed by nature for sleep, the work of destruction is half accomplished.

In consequence of this early strain upon her system, early evil is acquired by the delicate votary to her charms, in the shape of a host of things suffering. The weak constitution, when any excitement is offered, is prostrate by the respective keeps the mind morbidly sensitive to realism, while the now constant restraint of visible dress, absolutely forbidding the exercise of the attainment and rapid retention of organic and strength; the exposure to such sudden changes of temperature; the complete destruction of by excessive dancing, heat, and the many other circumstances of her delicate organization, all unwilling subject of medical comment. This is but a truthful picture of the experience of thousands of our young women.

To the ability to exercise the functions of the organs, they require an education of the entire system, composed of what is the basis, which is, in common with the female and lips, evidently under the control of mental and the whole system at an early period of life, we shall subsequently see, these emotions, excessive, lead, long before puberty, to habits stop the very life of their victims or seriously the development.

Teachers' Institute.

THE Adams County Teachers' Institute will meet and will be held in the Court-house, Gettysburg, commencing on *Monday, November 30th*, at 9 o'clock, and closing Friday night, Nov. 28.

All teachers, school directors, and friends of education are invited to attend. No expense or pains will be spared to make the exercises interesting, practical and profitable, and the instruction to be given will be such as teachers can with advantage put into practice in their schools.

The services of first class lecturers and instructors have been secured. The law contemplates that boards of directors shall grant teachers the time to attend the Institute and accept it the same as teaching, and it is hoped they will be "Directors' day," when matters and things relating to the duties of school directors will be considered. The committee on Permanent Organization will be elected on Monday afternoon. Arrangements have been made for a reduction of railroad and hotel fare to all who may attend. It is earnestly desired that every district be fully represented. Let each and every teacher be present. A programme will be issued and an application to

By order of the Borough Committee.

A. J. COVER, Chr'n.

THANKS.—We are indebted to HENRY NOEL, of Mountjoy township, for a basket of Redcreak Apples and Wine Grapes—both very fine.

☞The insurance of $2,000 on Goods of Mr. Hildebrand, East Berlin, was in the Home Company, New York,—instead of New Haven. The latter Company had $2,000 on the building.

NEW PATENTS.—JACOB H. B. KELLER of Chambersburg has received a patent for an improvement in cultivators; and JOHN E. ANDERSON of Boiling Springs, for an improvement in grain cleaners.

DIVIDENDS.—The First National Bank has made a semi-annual dividend of 4½ per cent.; the Gettysburg National Bank has made a dividend of 6 per cent.; and the York & Gettysburg turnpike company 1 per cent.

SALES.—JOHN HOOCK has sold a brick dwelling on High street, near the Jail, for $1,200, to Mrs. ELIZA M. MILLER.

DAVID F. BRITLER has purchased the PETER ORNDORFF farm, in Mountjoy township, for $2,750.

The property of Rachel Steinour in Butler township, nearly 6 acres, recently advertised, has been purchased by William Crumbine, for $825 cash.

CHANGE.—The pleasant balmy weather of October was broken up by a regular old fashioned north easter, on Saturday last, which left the mountains to the north and west of us white with snow, the sudden transition to a cold, chilly temperature being by means pleasant. November opens stormily.

MEETING AT FAIRFIELD, Oct. 29th. President—Capt. Peter Dick.

Vice Presidents—Joseph Bigham, Louis Wertz, Joseph Musselman, Daniel King, Capt. A. H. McCreary, Wm. Izor, Andrew T. McGlaughlin, John McKesson.

Secretaries—A. Ross Hunter, J. H. Moore, Peter Kready, Peter Harbaugh.

Addressed by D. Wills, Esq., and Lieut. Wm. R. Eyster.

DEATH FROM LOCKJAW.—Our obituary columns to-day record the death of Miss Margaret Marshall, daughter of Thomas A. Marshall, deceased, of Hamiltonban township, aged 14 years. About two weeks ago she trod on a nail, which passed through the sole of the shoe into the foot. The wound, after several days of swelling, seemed to have healed; but a few days ago she experienced symptoms of uneasiness in the face, which proved to be the premonitory symptoms of lockjaw, of which she died on Monday last.

INCREASE IN THE VALUE OF REAL ESTATE.—We are pleased to learn that the proposed connection of the Emmitsburg Branch with the Western Maryland Rail Road at the Dunkard Church, on Rocky Ridge, has visibly augmented the value of real estate in that vicinity. Mr John W. Miller and other enterprising citizens of that neighborhood contemplate making some improvements which will add to the convenience and wealth of that growing section of the country.—*Frederick Republican.*

A GOOD SUGGESTION.—In another column will be found a communication from one of our oldest and most prominent citizens, suggesting a change in the nomenclature of our streets, by adopting the names of prominent soldiers who distinguished themselves in the battle of Gettysburg. The suggestion is a good one, and we should like to see it promptly adopted by the town authorities. The reason for naming streets after the leading cities and towns around us has long since ceased in the construction of Railroad, the opening of new roads, the growth of new towns, &c., and the proposed change would not only give us more euphonous names, but be a graceful tribute to the dead and living heroes of the Republic.

RAILROAD MEETING.—The meeting of Bondholders of the Gettysburg Railroad at the Court-house on Friday last was called by Mr. Swope, the Mortgage Trustee, to consult as to the propriety of foreclosing the Mortgage and selling the road, was not numerously attended, some two dozen persons being present. Hon. S. R. RUSSELL was called to the chair, and Dr. E. G. FAHNESTOCK appointed Secretary. A resolution was adopted recommending the foreclosure of the Mortgage, and a Committee appointed to arrange with the Bondholders some plan by which the interests of the latter may be protected. Several plans have been suggested—one for the Bondholders to unite in the purchase of the road, or at least to bid it up to a reasonable figure—and the other, to secure a decree of sale under which it may be optional for each bondholder to take his pro-rata share of the purchase money, or to leave his bond in the new company at its representative value.

SYNODICAL.—The German Reformed Synod met in Hagerstown last week adjourning on the 29th ult. One hundred and seventy delegates were present. Rev. Dr. Gerhart was inaugurated Professor of Didactic and Practical Theology in Mercersburg Seminary. The most exciting topic before the Synod was the case of Rev. Dr. Bomberger, who was hostile to Dr. Gerhart, had strongly denounced the circumstances under which his election had taken place, and charged the Synod having control of the Seminary, as being the "liturgical wing" of the church, and as "becoming so churchly as to cease to be Reformed." Synod required Dr. B. to retract these statements under penalty of being denied a seat in the body, whereupon he filed the following, which was accepted as satisfactory:

"I retract the publication of the words or language which are deemed objectionable by this Synod, and regret that they should have become the occasion of offence."

SECURE THE LEAVES.—An agricultural exchange says: The woods are now full of leaves. Indeed they appear to be more abundant than ever, but farmers do not value them as highly as we think they should. For barnyards especially they are profitable to haul in. They are obtainable too when there is little pressing work on hand. Gathered up in heaps they can be readily loaded in carts and wagons with close coverings by either a cloth some two or three yards square or with a wood rake and the arm. Hogs are very fond of them for litter, so are cows; and for compost they are excellent. As cut screw is now usually fed to cattle, and rye straw commands a high price in the market, there is nothing left for the purpose of littering except wheat straw. Hence forest leaves should be held in higher estimation than they generally are.

It is a good rule to gather them this month or early in December, as they are then easily handled and are the richest. Those who have not already secured their supply should see to it that their cases have been properly prepared, and have been actually presented.

PREMIUMS.—At the Frederick County Fair, Mr. P. J. TATE of this place took a premium of $10 for the best one-horse buggy. J. P. DILLER of Hanover took a premium of $20 for the best pair iron gray carriage horses. Mt. St. Mary's College took a large number of premiums for stock, vegetables, &c. We quote two other paragraphs:

For fastest horse, mare or gelding, trotting in harness, owned by a resident of Frederick county, won by "Nellie Whitefoot," owned by Dr. E. Stone, of Frederick county, in 3 straight heats, time, 3.08, 3.58 and 3.10, purse $100. For fastest horse, mare or gelding, to rack or pace under the saddle, mile heats best 3 in 5, won by horse "Foreigner," owned by C. Turnbaugh, of Baltimore county, in 3 straight heats, time, 2.50, 2.48½ and 2.47½, purse $200. For fastest horse, mare or gelding, trotting in harness, mile heats, best 3 in 5, and to trot the mile in three minutes or less or no award, won by horse "Patchen," owned by A. Johnson, Philadelphia, in 3 straight heats, time, 2.44, 2.45 and 2.48, purse $500. For fastest horse, mare or gelding, racking under the saddle, mile heats, best 3 in 5, to mile to be made in three and 20 seconds, or no award, won by "Wade Hampton," H. Fraly owner, time, 2.50, 3.00 and 2.55. Citizen's purse, sweep-stake won by R. H. Dorsey's horse, "Mountain Boy," purse $25.

The committee of lady equestrianism were highly gratified at the skill and grace manifested by the two ladies competing for the $75 premium to be awarded, and finding it impossible to determine which of the two they would be superior, determined to divide the premiums equally between the two, and so award to Miss Fanny Rockly, $37.50, and to Miss D. C. Brengle, $37.50.

TEACHERS' INSTITUTE.—The Adams County Teachers' Institute will meet on this place next Monday, the sessions to be held in the Court-house, and to continue during the week. Teachers and Directors should make it a point to be in attendance, and aid in maintaining and building up the educational interests of the county.

The exercises promise to be unusually interesting, as a number of prominent educators will be present. Prof. MARK BAILEY, of Yale College, will lecture on Elocution; Superintendent W. W. WOODRUFF, of Chester county, on English Grammar, methods of Teaching, &c.; Prof. BROOKS, of the Millersville Normal School, on Mental and Written Arithmetic; Prof. MANSON, of Philadelphia, on Penmanship; Rev. Dr. VALENTINE will deliver an address on Monday evening, and Hon. J. P. WICKERSHAM, State Superintendent, on Tuesday evening. Prof. EMMENTROUT, of the Kutztown Normal School, will also be present. A choir will give vocal music during the evening sessions, led by Prof. GUNDRUM.

The Institute will continue five days, as required by law. Friday will be devoted to the consideration of matters relating to the duties of School Directors.

SECOND-HAND BUGGIES FOR SALE.—Three falling tops, one standing top, one no top, *Buggies*—two two-seat carriage, one three seat carriage, two Wagons—for sale on reasonable terms. Enquire of SAMUEL HERBST, at Keystone Hotel. nov. 6—2t.

NOW IS THE TIME.—Housekeepers can economise by laying in their winter coal at once, as freights are now lower than they will be a month hence, and Coal will necessarily rise. Persons desiring to save money, will do well to call at once on Col. O. H. BUSHLER, who is prepared to furnish all kinds of Stove, Blacksmith and Lime-burner's Coal at lowest market prices. tf

DISCREDITABLE.—We regret to learn that several of the political meetings held in the townships during the past week by the friends of GRANT and COLFAX were more or less disturbed by Copperhead rowdies. The soreness and disappointed hopes of the enemy may partly account for this tendency, but it unquestionably can be directly traced to the brutalising and revolutionary spirit with which the Copperhead press of the country has teemed during the campaign, which has led to riots, murder and assassination in the South and insult and rowdyism in the North, and which only the triumphant election of GRANT and COLFAX has prevented from developing into Civil War. At East Berlin, on Monday night, this brutal spirit culminated in a bold and defiant attempt to break up a Republican meeting—a large number of boys and men, thoroughly indoctrinated with Rebel ideas, ranging themselves opposite the speaker's stand and seeking by every possible mode of annoyance to provoke a collision and break up the meeting. Even the presence of a number of ladies failed to prevent the most ribald and blasphemous utterances. Nothing but the marked coolness and forbearance of the Republicans prevented a serious collision. The latter determined to hold their ground, and the speaking proceeded—for a while under trying insults, until the rowdies, either wearied with or ashamed of their efforts, gradually disappeared, and the speaking proceeded without further interruption.

We do not of course hold all the Democrats of East Berlin responsible for this disorderly conduct. We know that some of them regretted and denounced it —several of them, including our friend Col. J. J. KUHN, interposing as far as they could to break it up. The members of the Band, composed of Democrats and Republicans, seemed to feel keenly the wrong and subsequently tendered the gentlemen who had addressed the meeting the compliment of a serenade, the leader for himself and colleagues expressing their stern disapprobation of the rowdyism by which the town had been disgraced. While making this explanation, however, we cannot help but express the conviction that if this rowdy element had not the sympathy of the leading Democrats of that region, it would not have thus developed itself on Monday night, and we accordingly hold them responsible.

APPRAISEMENT OF DAMAGES.

Notice is hereby given that the undersigned, Commissioners to appraise the Damages under the Act of April 15, 1857, entitled, "An Act for the relief of the citizens of the Counties of York, Perry, Adams, Cumberland, Dauphin, Franklin and Fulton, who may property was destroyed, damaged, or appropriated for the public service, and in the common defence in the war to suppress the Rebellion," will meet for the purpose of complying with the provisions of said act,

At the Court House in Gettysburg, Tuesday and Wednesday, November 10th and 11th.

The Commissioners want it to be distinctly understood that no charge is made for their services, and petitions are prepared by Claimants at their own expense, and are not furnished by the Board.

They will be in session at the above place at the time mentioned.

The following rules will be strictly adhered to in the adjudication of claims by the Commissioners:

1. The rules will apply to the Clerk, either at their headquarters in the various Counties or at Harrisburg, who will furnish them with blank Abstracts, which will be filled out and to be filed in addition to the detailed statement.

2. Applicants will be required to make out a detailed statement of their losses classifying and enumerating the different articles, and giving their different values.

3. They will also be required to state the time, place, manner, and circumstances of their losses, and whether they were caused by the depredations of the rebels, the commands of the Government, or the exercise of military authority.

4. All claims must be supported by one or more respectable witnesses in addition to the oath of the petitioner.

5. Where claims are not assigned two witnesses in addition to the oath of the assignee will be required.

6. Assignees claiming as such will be required to prove the actual cash value of the consideration paid to the assignor.

7. All communications relating to claims should be directed "Damage Commissioners," care of M. W. McALARNEY, Harrisburg, Pa.

Gettysburg, Friday, Nov. 6, 1868.

RUSTIC APHORISMS IN RHYME.

Formerly much of agricultural instruction was committed to rhyme, that it might be more easily remembered. Dr. Franklin published a great many in his Poor Richard's Almanac, and I give a few gathered from various sources:

If butter churned in morning air
Is kept in a cool place with care,
The taste is nice;
But that which shows the buttermilk
Don't sell to those who dress in silk—
For any price.

To-be in debt
Brings out the sweat.
No half-cooked meat
Is fit to eat.

A woman who sneezes,
Ought not to make cheeses,
Put her hands in a muff,
Or ever take snuff.

When the wind is east and turkey gobble,
It is no time a horse to hobble;
But let him rauge to catch the breeze—
Should he be troubled with the heaves,

An ox with broad horns and short glossy hair,
Is good for a team, the market, or fair.

One white foot is bad, and two are too many,
That horse is best that does not have any.

A farmer without hogs,
But any army of dogs,
Will have more puppies than pork;
For the swill will be lost,
To the husbandman's cost,
Dogs good for nothing to work.

The slackest farmer, strange to say,
Is known for being out of hay.

It dos not pay in any way,
To milk a cow three times a day.

When chickens roost above the the mow,
It spoils the hay for horse or cow.

The well-bred daughter for a farmer,
A prudent helpmeet and a charmer,
It is no place to set poles,
Where moles or mice have dug their holes.

Cobs make no food for kine to eat,
But they are good for smoking meat.

Pork and beans make muscles strong—
Something farmers seek;

It is a dish to make life long,
When cooked but once a week.

A slovenly dress, a shabby pate,
The fences down, a broken plate,
Pigs in the garden, weeds very high,
Children unwash'd—no bacon to fry—
Lots of great dogs and yawling tom cats,
Window repair'd with a dozen old hats,
An empty bin—not a spear of hay,
Cows in the clover, horse run away,
Things sold by guess without being weighed,
Bills coming in and taxes unpaid—
Pipes and tobacco—whisky—neglect,
Drag in their train as all might expect,
All sorts of trouble to fret away life—
But worst of the whole, an unhappy wife.

Many estates are lost in the getting,
Since men have forsaken hewing and splitting,
And women their sewing and knitting.

A mackerel sky—
The wind will be high,
Then bring in the grain,
Close by there is rain.

A smoky chimney may be cured,
A scolding woman not endured,
A farmer's wife, like cream or curd—
Is to be seen but seldom heard.

Bare-footed girls,
With floating curls,
About the gate—
Though quite content,
Are no ornament
To the estate.

If you would thrive,
Be up by five;
For there is health
And certain wealth,
When at the plow,
Or milking cow.

A farmer at home should be found,
And often looking at his ground—
Inspecting fields, repairing fence—
For dollars dome by saving pence.

Clear the soul from moles and slugs,
Prune the trees—keep off the bugs,
Then fruits and melons, rich and fair,
Will recompense for all your care.

Rutabaga, carrots, and beets,
Improve the character of meats;
They make good beef, and quicker too,
Than any other feed will do.

At the farmer's cost
Is an early frost.
Exercise reason—
Harvest in season.

Of all the crops a farmer raises,
Or capital employs,
Now brings such comforts and such praises,
As a crops of girls and boys.

SAVE THE DEAD LEAVES.

If every horticulturist and farmer would think for a moment on the nature of fallen leaves—which contain not only the vegetable matter, but the earthy salts, lime, potash, etc., needed for the next season's growth and fertility—and that, too, exactly in the proportion required by the very tree and plant from which they fall; nay, more, if they would consider that it is exactly in this way, by the decomposition of these very fallen leaves, that nature enriches the soil, year after year, in her great forests, it would hardly be possible for such a reflecting horticulturist or farmer to allow these leaves to be swept away by every wind that blows, and finally lost altogether. Nor would he give them away, as many now do. He would rather collect, from week to week, the leaves that fall under each tree, and by digging them under the soil about the roots, where they will decay, provide in the cheapest manner the best possible food for that tree. If this plan should be tried we should not see old orchards dying out for want of nourishment; but they would, in this simple manner, receive all the enriching they required. Pear trees, and doubtless the peach, would be greatly benefitted by this procedure.

In certain vineyards in France and Italy the vines are kept in the highest condition by simply burying at their roots every leaf and branch that is pruned off, or falls from the vines at the close of the season. Will not some of our farmers of inquiring minds give this simple process a trial this season?

It is a well known fact that no manure is more eagerly sought for by the florist than leaf mould. It enters largely into the compost prepared for potting. Leaves, collected and mixed with barnyard manure, greatly enhance its value. Therefore, gather up the leaves, that nothing shall be lost.

DON'T KILL HEN.—Many farmers have noticed in their field a large black beetle, with most brilliant golden dots placed in rows on his back. Dr. Fitch says. "Its eggs produce the *corn grub killer*. It is a most inveterate foe of the cut-worm, grasping the worm in its strong jaws, and in spite of its violent, writhing and struggling, securely holding it. When it finds these worms in plenty it gorges and surfeits itself upon them till it is so glutted and distended as to be hardly able to stir, for it never knows how to let a cut-worm alone when it meets him. It is continually hunting these worms, feeding on nothing else it can obtain them. Both it and the golden dotted beetle, which produces it, should never be harmed."

THE sugar crop of Louisiana is now set down at 1,200,000 hogsheads.

REAPERS & MOWERS.

HAVING been agent for the machine last season, I also offer it to the farmer this season. It is well known, having taken the premium at the Bendersville Fair, also at the Gettysburg Agricultural Match over seven others, which were considered splendid machines, and likewise at the Dillsburg Mowing Match, having concluded not to offer any machine that will not give entire satisfaction, I have refused agencies of several other machines, and now offer this one as

THE GREAT MACHINE OF THE SEASON.

Having tried one myself, I know exactly what it will do. I could refer you to scores of farmers who have purchased machines of me, who are highly pleased and say this is the only machine they would use.

Extras always on hand, and repairing done here at my place. This is a great consideration—the machine can be repaired at home immediately, and with much less cost.

Another great saving is the BINDER which is attached to this celebrated Reaper and Mower. It has been thoroughly tried, and given entire satisfaction—requiring no harvest hand except a driver. This binder can also be attached to the Reapers which have been sold; but cannot be attached to any other machine except Shireman's.
